

THE 4TH NOT SO WISEMAN

You've heard of the three wisemen, but never the fourth. See, he didn't do so well as far as gift-giving went. Instead of gold, frankincense or myrrh, he stopped at the dollar store for coal. Let's just say that a very special baby in a manger was not so impressed.

And as the years went on, no one talked about the Fourth Not So Wiseman's laughable gift. When that baby grew up, he didn't want the world to know coal existed. When burned, coal releases two harmful greenhouse gases: carbon dioxide and methane. Jesus just wasn't down with that.

Now the Fourth Not So Wiseman is making a comeback bigger than Britney Spears. He's a reminder to be kind to the earth, live a green lifestyle... remember that you, too, deserve nothing more than a lump of coal if you don't!

Easy Instructions

Use this simple diagram to cut out and construct your character. Have fun, take your time and be sure to share this festive PDF or link with your friends.

Cut Out Perimeter

If you have Jedi Knight Exacto skills you can cut out the crown too.

Fold Edges

Using finger, fold along the dotted lines shown to form the edges of character.

Glue Areas

Use regular paper glue or a glue stick to construct your character.

Tape Area

The flap doesn't have to be glued. You can use Scotch tape or double-back tape instead to affix it.

Paper & Printing Suggestions

This paper character was designed to work using regular white office bond paper. (Preferably Recycled)

For the best results we recommend using a smooth, bright white, light weight, card stock.

Print PDF using Adobe Acrobat or Acrobat Reader for best results. Do not use Apples 'Preview App' to print out the PDF, it cannot process all the transparency details and will look bad.
